PRINCIPAL'S MESSAGE

The Divine College of Nursing and Paramedical Sciences believes in quality education with a student first policy. To go along with our philosophy, the College is equipped with all modern educational technology, state of art laboratories and well qualified teachers with established departments. We also believe that there is no growth without research. The main advantage of joining Divine family is having the Nursing College and hostel in the same campus which helps the Nursing students to get trained 24x7 hours in a safe environment.

After completion of the course we expect our students to be placed in Government & Corporate hospitals in India and abroad. The College has an excellent infrastructure and well qualified and experienced teachers who will be able to teach and guide you at all times. Our future plan is to start Post Graduation in Nursing and become a Centre of Excellence by conducting various Paramedical Courses and researches.

We welcome you to join hands with us and let's make a change in health care.
